Weigh West provides the perfect fishing machine for the fly or light tackle enthusiast, with our fleet of specially designed boats -17 feet long, a wide beam for great stability, these boats are designed for two anglers. Each boat is equipped with a quiet and reliable 60 HP four stroke outboard motor, a GPS navigational system, VHF radio, and all safety gear.

Bring your own tackle and join the fun! We suggest a 7 to 9 weight fly rod or light spinning combination. To cover a variety of fishing situations we recommend fly lines ranging from 200 to 350 grains or monofilament 10 to 20lbs. A diversity of baitfish are found in Clayoquot Sound; needlefish, herring, pilchard and anchovies; your fly/ tackle box should contain an assortment of these imitations or lures. Our “on the water” fishmaster is available to offer advice and assistance to you.

Our packages are the best value available anywhere in BC
